

April 24, 2020

Valued CloroxPro Customer,

This letter is to inform you that we received news this week of several positive COVID-19 cases being identified at a production site. This production site produces our Clorox T360 Disinfectant, Clorox Healthcare Spore Defense, Clorox Healthcare Bleach Germicidal Cleaner and Clorox Healthcare Fuzion. As a result, the near-term availability of these items will be impacted.

Our thoughts are with the impacted individuals and we will provide updates on the impact to production as more information becomes available.

Sincerely,

Heath Rigsby
Vice President Sales- The Clorox Professional Products Company
