

FEATURED ITEMS FOR COVID-19 DEFENSE

Wipers

Wipers and wipes to help you maintain a Clean & Healthy Facility.

von Drehle Preserve Plus Sanitizing System

Add your choice of cleaning/disinfecting solution to roll - can be used with bleach or peroxide based products. For best results: use chemicals that are purchased ready to use, not through a dilution control system, do not charge with chemical until ready to use, and use within 5-7 days, store at room temperature or use with product that contains a mold inhibitor.

Associated Products: Non-Acid Disinfectant Bathroom Cleaner ([NIC412-32](#)), Disinfecting Glass & Multi-Surface Cleaner ([NIC420-32](#) & [NIC418-32](#)), Oxivir TB ([DVG101104055](#)).

Wipers Continued

Medtech Germicidal Wipes

These Germicidal Wipes are recommended for use in hospitals and other critical care areas where the control of the hazards of cross-contamination between treated surfaces is required. Designed to be compatible with hard nonporous surfaces and equipment made of stainless steel, plastic, Formica® laminate, glass and more. Some organisms are removed from the surface by thoroughly wiping the surface with the wipe. Most remaining organisms are killed within two minutes by exposure to the liquid in the wipe.
